

Even a little amount can go a long way to improving your savings outcomes. The easiest way to boost your super is to have ongoing contributions deducted from your salary. You can do this from your salary before or after tax.

Boost your super in 4 easy steps:

1. Decide if you want to make the contributions from your before or after tax salary
2. Choose how much you want to contribute each pay period (either a % of your salary or a dollar amount)*
3. Sign the form
4. Give completed form to your payroll/HR department

Not sure how much to contribute?

Call us and we may be able to assist you to work through your options including whether you should choose to make your contributions from your before or after tax salary. Call us on 1800 675 839. The Trustee can assist in providing members with limited financial advice over the telephone.¹

*Please note: some payroll systems will only permit fixed deductions, so check with your payroll officer.

If you are under age 65, you and your employer can make regular or one-off contributions to your super at any time. If you are aged between 65 and 74 (inclusive) you and your employer can contribute to your super providing you are gainfully employed on at least a part-time basis in the financial year in which the contributions were made. You must have been gainfully employed for at least 40 hours within a period of 30 consecutive days in the financial year in which contributions are made. Once you reach age 75 neither you nor your employer can make contributions to your super (except from award/certified agreement employer contributions). Please note there are limits on the amount of contributions you can make to your super. For further information contact the ATO at www.ato.gov.au
